Eriez® EcoTowerSort™ Literature Explains how Recyclers Can Increase the Value of their Scrap

Eriez® announces the availability of a new brochure showcasing its [EcoTowerSort™ Total Metal Recovery System](#). The literature explains how recyclers can improve the value of their scrap by sorting metals better than 90 percent clean through Eriez' innovative EcoTowerSort.

EcoTowerSort is a multi-stage metal separation system ideal for use in electronic or "e-scrap," auto scrap recycling and the post secondary metal recycling markets. "The power of the Tower is gravity," explains Al Gedgaudas, Eriez' Resource Recovery Market Manager. "Using a properly tuned Eriez heavy duty feeder, material flows at the desired rate and evenly across its width," he adds.

EcoTowerSort can be used for the sorting of aluminum, stainless steel, copper cables and heavy fractions. It even recovers stainless steel and plastic coated wires.

The brochure explains that different modular sorting technologies are utilized within the EcoTowerSort system. Common configurations include rare earth drum separators, eddy current separators, inductive sensor sorter, or combinations of these different technologies.

Through informative copy, charts, diagrams, photos and tables, the brochure thoroughly describes the many advantages of this revolutionary system. To obtain a free copy of this valuable literature, contact Eriez and request brochure MMPB-96.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez manufactures and markets these products through ten international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada. For online users, visit www.eriez.com or send e-mail to eriez@eriez.com. Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506.
